Ross Hare, Monterra Safaris

Monterra is a privately owned 14,000-acre game ranch in the Limpopo River valley. Monterra was established as the exclusive hunting ground of an American business owner in the 1980's. Out of his passion for hunting and conservation we are proud to offer you the exclusive opportunity to make Africa your own. You will be guided by our professional management team through the entire process of journeying to Africa to hunt its illustrious big game. Our ethical hunting and conservation practices have preserved the natural environment here for over thirty years. Our professional hunters are all members of PHASA (Professional Hunters Association of South Africa) and are accredited by PHASA with dedicated professional hunting status.

Whether you wish to book as a group, family or individual, Monterra offers the service and facilities to create a personalised safari in your own special part of Africa. The luxurious main lodge can accommodate up to 8 people in 4 en-suite rooms. Either double or twin bed options are available in two of the rooms.

Matswani Hunting Safaris, Limpopo

The History of Matswani Hunting Safaris Matswani has, since the previous century, existed as several cattle farms. Since the current owners, Else & Vagn Christensen from Denmark, acquired the area in 1998, Matswani has been transformed into a wildlife reserve where some of South Africa's most luxurious lodges have been established. Matswani is situated as a small oasis in the middle of the glorious Waterberg Mountains, amongst wildlife from all over the southern regions of Africa.

Furthermore, it is neighbors to the Welgevonden Big 5 Area, and only a short drive from Pilanesberg National Park.

In addition, Matswani Hunting Safaris has around 200.000 acres of "Bushland" hunting concessions in the area from Matswani to the Limpopo River in the north.

Leopard Lodge is the starting point of every wondrous experience you will have while in South Africa, situated about 240 km north of Pretoria. The location in the middle of the glorious UNESCO protected 'biosphere reserve' that is the Waterberg Mountains is of major significance, as it is in an area of South Africa where there is no malaria.

Leopard Lodge was finished in January 2022 and will be your home away from home and starting point for every hunt.
